**** PLEASE TAKE A FEW MOMENTS TO FIX YOUR BALL MARKS & DIVOTS ****

CARALYNN'S CORNER –

We have reopened the front 9 washrooms for the time being, but are still having some issues with the irrigation break on #3 fairway. The compression coupling on our six inch main line is not sealing properly, so please do not walk through the wet area around the leak. New couplings have been ordered and hopefully will be in and fixed by the end of the week.

The rough surrounds have been seeded and hydro mulched and you can see a few plants coming up at this point.

Due to the fact that there are rocks showing on the surface of the new fairway, we have decided to go ahead and sod the entire surface (22,000.00 ft²). Once we are done laying sod on the fairway bunker and on the new tees, we will move our way onto the fairway.

SO, IF ANYONE IS INTERESTED WE WILL BE HAVING A ROCK-PICKING PARTY THIS SUNDAY FROM 12:00 until 2:00. Grab gloves and a bucket and meet us on new #17. Hope to see you there!

The maintenance crew is now starting at 6am and to the early golfers, please do not hit until the staff have moved out of your landing area.

Best Value!!

Safety First:

- Please be aware of golfers on adjacent fairways when you are teeing off.
- When driving a power cart, please be aware of your speed on bridges and around the clubhouse. Keep feet inside the cart at all times.

Golf and lightning don't mix. Be careful when you are on the course & do not try to beat the lightning! If you can see lightning, don't wait for the horn to sound, come in immediately! Inform staff in pro shop. Golf is a great game and we should remind ourselves that it is only a game. Don't take the chance.

SAFETY IS NOT AN ACCIDENT
