## Caralynn's Corner by Caralynn Cullen

Just a quick reminder of our course maintenance day scheduled for Monday May 31<sup>st</sup>. The first tee time will be starting at 9:00am - off #1 tee only.

Up and coming projects that I plan on focusing most of our time on will be:

- spraying weeds (tee to green)
- topdressing new tee decks
- edging/adding sand to the traps. *Speaking of the traps - I would ask that everyone PLEASE rake your footprints when exiting!*

We are at a point in the season (normally it's June) when keeping up with the rough becomes somewhat of an issue. Moisture, heat and fertilizer makes for a perfect recipe for some nasty rough, causing the frustration of a few lost balls. I will try and direct a large amount of time in keeping the rough more consistent, please bear with us!

One last note, I have noticed as of late, a lot of people taking their pull carts over tee boxes. This causes significant wear on the turf and thus deteriorating conditions. Please leave your pull cart on the cart path or an appropriate distance from the tee.

Thanks, *Caralynn*

### Handicap Committee

Members of the Truro Golf Club are invited to check out the updated display on the bulletin board next to the handicap computer. This display is designed to provide golfers with accurate information regarding the posting of scores. You will find answers to common questions such as:

1. What is ESC (Equitable Stroke Control)?
2. I don't seem to play to my handicap very often. Why?
3. What scores are acceptable for posting purposes?
4. What score do I post if I was conceded a stroke in match play?
5. What score do I post for a hole not played?
6. Can I post a 9 hole score?

Remember, as a member of the Truro Golf Club it is your responsibility to preserve the integrity of the game by posting a score for every acceptable round as soon as possible after completion of the round so that your RCGA Handicap Factor is current.
